

I'm
drawing
manga
on the
train.

HOME

The last
sanctuary
of a
salary-
man, the
commute.
I think
everyone
should be
drawing
manga
more.

My bag
always
has the
tools for
drawing
manga
inside,
anyone
can draw
manga
on the
train
if they
have
them.

Should
I ask?

'Are
you
really
drawing
manga
on the
train?'
is a
thing
I hear
often.

Yes, I am.
I do it
all on
the train:
From the
story-
board, to
drafts,
inking,
the beta,
all the
way down
to the
parts I
do with
a gray
felt-tip.

Anyhow,
the only
thing
I can't
do out-
side is
colour,
so I
paint at
home.

A man with dark hair, glasses, a white shirt, a yellow striped tie, and a brown suit jacket is running through a library. He is carrying a brown bag and looking back over his shoulder with a determined expression. The background shows tall bookshelves filled with books.

Life is short.
Do you want to
self-publish
your life
story only
after you
grow old?
That'd be too
late. There's
no time like
the present!
You have to
leave behind
some traces
that you
existed.
